

## WARNING MAGNETIC BROOM

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced, or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

**⚠ WARNING:** This product can expose you to chemicals including Chromium from steel products, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65warnings.ca.gov](http://www.P65warnings.ca.gov)

Warning metal conducts electricity. Do Not use this Magnetic Broom where it may come into contact with power lines or other electric circuits. Failure to comply to this warning will result in serious personal injury or death. Keep appropriate distances from High Voltage lines. Never use the Magnetic Broom as a ground for welding.

**DANGER:** This equipment has and creates multiple pinch points that can cause dismemberment or death. Keep hands, feet and all other body parts clear at all times.

Always use caution when loading and unloading this equipment.

Use this Magnetic Broom/Sweeper to pick up nails, screws, & other magnetic/metallic objects. Easily picks up hazards after construction projects like roofing, deck removal, or any other construction or remodeling project.

It's as easy as 1,2,3:

Unload,

Push around property,

Release onto a debris collecting tarp.

There are two release methods, the first uses a hand lever to lift the magnet, the second uses a foot pedal to lift the magnet - thereby releasing the debris.

Renting a Magnetic Broom/Sweeper pays for itself by picking up those loose nails and screws before the end up in your vehicle's tires, or worse.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment,

**DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!! FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
